

# MY 6G SUMMIT

IEEE Malaysia COMSOC and VTS Joint Chapter

# MY

**December 3,  
2025**

09:00 AM – 05:00 PM

Kuala Lumpur

# SUMMIT KUALA LUMPUR

*Ideas that Shape the Next G*

## ABOUT THE MY 6G SUMMIT

The MY 6G Summit is Malaysia's premier platform dedicated to advancing leadership in next-generation connectivity. It brings together visionary thinkers from academia, industry, startups, and government to explore the breakthroughs shaping the 6G.

The summit fosters cross-sector partnerships, spotlights pioneering research, and inspires transformative applications of 6G technologies. At its core, the summit discusses 6G visions and roadmap, paving the way toward a connected, intelligent, and resilient future for the nation and the region.

## Event Highlights

Keynote Speech 1: 6G Vision and Global Roadmap  
by Professor Emeritus Dr. Tharek Abd Rahman  
Advisor, MCMC Academy

Keynote Speech 2: 6G Prototypes  
by Assoc. Prof. Dr. Mohsen Khalily, University of Surrey

Keynote Speech 3: Importance of Satellite for 6G  
by En. Zaaim Redha, CTO and COO of Zeta IoS

Keynote Speech 4: 6G Takes Shape – Technologies  
and Timeline by Dr. Stefan Parkvall, Senior Expert at  
Ericsson Research, Sweden

- Panel Discussion 1:  
Challenges & Opportunities in 6G

- Panel Discussion 2:  
Towards 6G Standardization and  
Adoption

- Group Photo Networking Lunch /  
Students Poster Presentations/  
Booth Visits / IEEE Membership
